

AGTEGRA™

COOPERATIVE

Are you storing soybeans on your farm?

>> If your soybeans were stored at higher moisture levels this fall, the condition of these soybeans should be closely monitored.

Multiple Sessions

Contact Agtegra Cooperative to schedule up to three soybean bin sampling sessions at a reduced rate.

SPECIAL BIN PROBE OFFER

\$200 one-time mobilization fee

\$20/bin per session for sampling

Ability to probe other commodities while on the farm

Call your Agtegra Grain Marketing Specialist for details!
