

# ARx COMPLETE™ +

## COMPLETE DICAMBA ADJUVANT

### PRODUCT INFORMATION:

ARx Complete + is a premium, low use rate, stand alone adjuvant that is registered for use with all registered dicamba products in a dicamba tolerant crop system. The product contains a non-AMS water conditioner, a Drift Reduction Agent (DRA), and Volatility Reduction Agent (VRA), plus it contains a non-ionic surfactant (NIS). ARx Complete + is formulated to flow well and is convenient with a low overall use rate to maximize acres covered.

---

### DIRECTIONS FOR USE:

Consult an agronomy professional or pesticide application label for specific use rate and application instructions. Always check compatibility with other products prior to use.

---

### USE RATE:

ARx Complete + use rate is 32 oz/ac with a spray volume of 15 gal per acre; or 42 oz/ac with a spray volume of 20 gal per acre.

The logo features the letters 'ARx' in a green, stylized font where the 'A' and 'R' are connected. To the right, the word 'COMPLETE' is written in a bold, red, sans-serif font, followed by a red plus sign '+'. A small 'TM' trademark symbol is positioned above the 'E' in 'COMPLETE'.

**Low Use Rate:** ARx Complete + is a premium, low use rate, stand alone adjuvant that is registered for use with all registered dicamba products in a dicamba tolerant crop system

**Contains:** The product contains a non-AMS water conditioner, a Drift Reduction Agent (DRA), and Volatility Reduction Agent (VRA), plus it contains a non-ionic surfactant (NIS)

**Compatible:** ARx Complete + contains a full rate of non-AMS water conditioner, VRA, and DRA all in one low use rate product that is EPA approved for use with XtendiMax® and Engenia® herbicides

Component	Analysis
Specific gravity	1.234 g/ml
Density / Weight per gallon	10.3 lbs/gal
Volume/Ton	N/A
pH	8.5
Appearance	Clear liquid
Freezing temperature	No minimum temperature restriction

Water Conditioner**

## PRINCIPAL FUNCTIONING AGENTS

A proprietary blend of water conditioning and volatility reducing agent, nonionic surfactant and polymer ..... 100.00%  
Total ..... 100.00%  
All ingredients are exempt from tolerance requirements under 40 CFR 180.

## KEEP OUT OF REACH OF CHILDREN

### PRECAUTIONARY STATEMENTS

Read label before use. Keep container tightly closed. Keep only in original container.

Do not eat, drink or smoke when using this product. Avoid breathing vapors or spray. Wash hands thoroughly after handling. Wear protective gloves, protective clothing, eye protection.

### FIRST AID

Have the product container with you if calling a poison control center or doctor, or going for treatment.

**IF IN EYES:** Rinse cautiously with water for several minutes.

Remove contact lenses if present and easy to do then continue rinsing.

**IF ON SKIN OR CLOTHING:** Wash with soap and water for several minutes.

**IF SWALLOWED:** Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able.

**IF INHALED:** Remove victim to fresh air and keep at rest in a position comfortable for breathing.

### GENERAL INFORMATION

Agtegra ARx Complete™+ is a multifunctional adjuvant that helps to control the volatility that may occur with the use of certain forms of dicamba. Agtegra ARx Complete™+ improves adhesion of the active ingredient to the target and increases coverage throughout the canopy. Agtegra ARx Complete™+ helps to form consistent droplet sizes within the optimum range for uniform control and accurate delivery of the application.

Agtegra ARx Complete™+ is formulated with an AMS-free water conditioner to help prevent the loss of active ingredient efficacy that can occur when the mixing water is mineral-saturated or of unknown quality.

Includes defoamer for easier mixing. Agtegra ARx Complete™+ is recommended for use on all

agricultural crops and is compatible with most active ingredients such as glyphosate, 2,4-D, dicamba. Agtegra ARx Complete™+ has been approved for use as a DRA with Bayer Xtendimax, BASF Engenia and Syngenta Tavium.

### DIRECTIONS FOR USE

Follow the instructions on the most restrictive active ingredient label. Tank mixtures should only be applied within the label recommendations and state/local restrictions of every product in the tank mixture.

Agtegra ARx Complete™+ DOES NOT CONTAIN AMS.

Although phytotoxicity has been evaluated, care should be taken by conducting a jar test or testing this product on sensitive plants before full application is performed.

### ORDER OF ADDITION

Prior to mixing, fill the spray tank with half of the carrier. Start the sprayer and check to make sure that all valves and gauges work and that there is adequate tank agitation.

Add Agtegra ARx Complete™+ to the tank as the first component. Continue to agitate and follow the steps below:

In general, follow the W-A-L-E-S plan when adding herbicides to a tank mix.

1. Wettable Powders (WP) then Flowables (F, DF)
2. Agitate then add anti-foaming compounds or buffers.
3. Liquid and Soluble products
4. Emulsifiable concentrates (EC)
5. Add remaining water and continue to agitate.

### APPLICATION RATES

Herbicides	13 pints per 100 gallons
Xtendimax, Engenia, Tavium	13 pints per 100 gallons

Caution should be used when applying this or any other product on crops during hot, dry field conditions.

### HANDLING AND STORAGE

#### STORE BETWEEN 40° AND 90° F.

**Storage:** Store in a cool well-ventilated place. Keep in original container tightly closed. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water supplies.

908 Lamont Street S  
Aberdeen, SD 57401  
1-605-225-5500

**Disposal:** Do not contaminate water, food or feed by disposal. Dispose of contents in container to an approved waste disposal facility in accordance with all local, regional, national and international regulations. Triple rinse (or equivalent) adding rinse water to application tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at [www.acrcycle.org](http://www.acrcycle.org).

**Conditions of Sale and Warranty Limitation:** The directions for use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of Agtegra or the seller. All such risks shall be assumed by the buyer. Agtegra warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use, subject to the inherent risks referred to above. Agtegra makes no other express or implied warranty of fitness or merchantability or any other express or implied warranty. In no case shall Agtegra or the seller be liable for consequential, special or indirect damages resulting from the use or handling of this product. Agtegra and the seller offer this product, and the Buyer and the User accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of Agtegra.
